

# Arizona Model Aviators, Inc.

## Standing Rules

**Section A:** Standing rules are to provide for timely implementation of procedures in the administration of club activities. These procedures/rules shall be decided by the Board and implemented by the various Committee Officers and members as part of their duties. No standing rule may be adopted that is contrary to this Constitution.

**Section B:** The use of the Organization's flying site by non-members, except during a scheduled contest/event, must adhere to the following.

1. Pay a daily usage fee as per posted at the flying site.
2. Show proof of current membership with the Academy of Model Aeronautics.
3. Follow all safety and noise abatement rules either posted, or made aware of by Club Officers and/or Club Members.

**Section C:** New members should have a Club member help them. Club member responsibilities include:

1. Explain all the rules to the new member.
2. Explain proper use and technique of field operation.
3. Introduce the new member to a flight instructor if needed.
4. Assist the new member in gaining entry and exit from the flying facility until the new member receives his/her key to the gate.

**Section D:** Overnight usage or occupation of the field shall require Board approval.

**Section E: Spotters: Spotters must accompany each flier at the respective pilot station from beginning to end of his/her flight.** Spotters will advise pilots of full scale aircraft approaching the model flying site and other model aircraft traffic that might present a hazard, allowing pilots to effect a safe altitude and distance away from these aircraft.
